Dear, Mr. Jhanghiz Syahrivar.

Here are the comments from our Reviewers regarding your Paper :

=====

In section 4. Data and Analysis, please put the table or figure after a short or an initial explanation of the section.

The topic is interesting, but the literature review and result needs improvement. Perhaps because of the brevity of the paper, the result are not adequately explained.

The result would be better if accompanied with evidence from previous studies to support your finding.

=====

Please revise your paper and resend to us, so that we can issue the Letter of Acceptance (LoA) to you later.

Thank you for your understanding and cooperation.

Regards,
Halim PS
