This publication has a very specific and clear goal, which is, to focus on the needs of a variety of readers, including students, researchers, and teachers of qualitative research methods. This book not only has theoretical considerations, but also has intensely practical considerations. For students of qualitative research methods, this book provides a framework of qualitative research writing and a variety of accounts of experiences related to interview, focus group discussion (FGD), and different levels of the important aspects of writing. In addition, for experienced researchers as well as teachers of qualitative research methods, they are encouraged to study, explore, and create those aspects related to the process of qualitative research. Therefore, from this book, students can learn a framework of qualitative research writing; researchers and teachers, too, can hone their previous qualitative research writing skills and deepen their grasp of this area.

**Contents that embrace in this book are:**

- Chapter 1 What is Qualitative Research
- Chapter 2 Type and Technique of Qualitative Research
- Chapter 3 Measurement in Qualitative Research
- Chapter 4 Interview
- Chapter 5 Focus Group Discussion
- Chapter 6 How to Write a Good Proposal?
- Chapter 7 How to Draw Good Analysis?
- Chapter 8 Example of Case Study Report

**Sari Wahyuni, SIP, M.Sc., Ph.D.** is a Senior Lecturer in the Faculty of Economics University of Indonesia. She completed her Bachelor Degree from University of Gadjah Mada and her M.Sc. and Ph.D. from University of Groningen, the Netherlands. Her international career begun when she gave lectures in the University of Groningen and became an Associate Professor in Nottingham University, Malaysia Campus. In the year 2006, she decided to return to her home country and joint University of Indonesia.

Her interest toward qualitative research started when she conducted her Ph.D. by using qualitative research. Then, she developed a qualitative research course for Master and Ph.D. student in Faculty of Economics University of Indonesia. Being active in research, she led many International Research Project such as competitiveness study of Batam, Bintan, and Karimun (a joint project between University of Indonesia and National University of Singapore), benchmarking special economic zone between Indonesia, Thailand, Malaysia and China (in corporation with the Indonesian Ministry of Trade), etc. Since 2003, Sari is recorded as an annual Visiting Professor at the University of Groningen the Netherlands for Local economic Resource Development (LERD) programme.
